March 31st, 2025 by 10pm PST	T-Mobile Hometown Grant	T-Mobile	Private	January 1st, 2025	T-Mobile Hometown Grants is a \$25 million, five-year initiative to support the people and organizations who help small towns across America thrive and grow. Hometown Grants are given every quarter to up to 25 small towns and are intended for "shovel-ready projects." Apply for funding to support a community project of your choice, like revitalizing or repurposing a historic structure, creating a downtown asset or destination, or improving a space where friends and neighbors gather. Projects that add to a sense of place or could lead to further investment are of particular interest. Application requests for examples of in-kind donation possibilities/additional funding to cover the remainder of the project.	Placemaking; Community Project; Small Towns; Development Projects;	Small Towns (50k or less) in the United States	Elected officials, town managers/employees, tribal leaders, or nonprofit community leaders from small towns with population less than 50,000	\$5M	Up to \$50k	Undisclosed	Summer 2025	https://www.t-mobile.com/brand/hometown-grants/FAQs
April 4th, 2025 by 5pm PST	Safe, Clean Water Public Education and Community Engagement Grants Program- Round 3	Water Foundation	Private Philanthropy / Local	September 24th, 2024	The SCWP aims to achieve the following set of goals, with the overarching objectives of improving water quality, increasing local water supply, and providing multiple benefits such as green space and shade to communities. The Grants Program will support the attainment of these goals by educating and engaging communities about the SCWP, ascertaining community needs that might be addressed through stormwater solutions, and empowering residents to participate in the SCWP and help achieve its goals. All proposals funded through the Grants Program must advance one or more of the following objectives: Increase community awareness of the SCWP and support community members in envisioning their own stormwater solutions. Support the development of stormwater project concepts that are responsive to community needs and priorities. Engage community members in active stewardship of neighborhood green stormwater infrastructure. Increase community understanding of stormwater management in the context of LA County's water systems, particularly in areas that are most vulnerable to the impacts of climate change. During this proposal application period, \$8.5 million will be available through the Grants Program. Funding will be available at the following levels: Tier 1 (\$500 to \$5,000) and Tier 2 (\$5,001 to \$250,000). Eligible activities may include, but are not limited to: SCWP project-specific community outreach, including Technical Research Program (TRP) project outreach; Site visits, field trips, and tours; Tribal engagement; Support for collaboratives, trainings, convenings, water academies, and water leadership training; Community project development; Community meetings; Community needs assessments; Community science initiatives; And more. April 8th, 2025 by 5pm PST	Listos California Regional Grant Program	Governor's Office of Emergency Services	State	February 25th, 2025	The purpose of the LL Program is to support organizations within California's Southern Region that serve multiple communities with equity priority factors located in areas at moderate to high risk of disaster. Nonprofits throughout the Southern Region can work independently or subgrant with local nonprofits to provide disaster training and resources to diverse populations disproportionately impacted by emergencies. This work is intended to increase their communities' disaster preparedness, response, recovery, and mitigation capabilities.	Disaster Training; Emergency Services; Community Preparedness; Disaster Recovery; Emergency Response;	Counties of Imperial, Inyo, Los Angeles, Mono, Orange, Riverside, San Bernardino, San Diego, San Luis Obispo, Santa Barbara, and Ventura	Nonprofit 501(c)(3) Organizations; Must serve a minimum of 2 counties in Southern Region	\$1.5M	Up to \$300k	No	June 2025	https://www.grants.ca.gov/grants/listos-california-regional-grant-program-southern/
April 14th, 2025 by 5pm PST	Farm to Community Food Hubs Grant Program	California Department of Food and Agriculture	State	February 12th, 2025	CDFA Farm to Community Food Hubs Program aims to fund planning and food aggregation and distribution infrastructure for community food hubs to increase purchasing of local, environmentally sustainable, climate smart, and equitably produced food by schools and other institutions to build a better food system economy, support the local farming and Indigenous food production economies, accelerate climate adaptation, and employ food system workers with fair wages and working conditions. This competitive grant program will fund community food hub projects that: (1) Serve California food producers; (2) Prioritize serving California food producers that represent at least one of the following: operate on 500 acres or less, are cooperatively owned, are using sustainable, climate smart, or regenerative agriculture practices or production systems, socially disadvantaged food producer, veteran food producer, beginning food producer, limited resource food producer, and/or disabled food producer; (3) Prioritize distributing California food to public institutions and nonprofit organizations, with an emphasis on schools, food banks, and other food distribution nonprofit organizations serving low-income communities in the region; (4) Cultivate financial sustainability via strategies that help cover long-term costs. Track 1 Planning will fund community food hub planning activities for new and existing community food hubs for up to 24 months. Track 2 Infrastructure and Operations will fund infrastructure and operational costs for new and existing community food hub operations for 60 months. Eligible public agencies include public school districts, Tribal schools, Tribal colleges, County Offices of Education, public institutions of higher education, and Resource Conservation Districts.	\$13.75 M	Track 1: \$50k-\$250k Track 2: \$350k-\$2M	No	Summer 2025	https://www.grants.ca.gov/grants/farm-to-community-food-hubs-grant-program/
April 16th, 2025 by 11:59 pm PST	Applications of Open Data to Support Climate Resilience in California's Electricity Sector	California Energy Commission	State	January 31st, 2025	The purpose of this solicitation is to fund applied research and development projects that support California's transition to an equitable, zero-carbon energy system that is climate resilient and meets environmental goals. Funded projects must successfully accomplish one of the following innovations: Development of Tools and Visualizations for an Updated Cal-Adapt Web Application; Wildfire Planning Tool Leveraging Long-Term Scenarios Developed for California's Fifth Climate Change Assessment; OR, Integration of Climate-Informed Science into Open Near-Term Wildfire Modeling Platform. Improving California's energy resilience to climate change requires integration of the best available climate data into open, publicly available, user-friendly visualization and modeling tools that interested participants can rely on to understand and prepare for risks to their assets, service areas, and communities. Projects funded by this solicitation will deliver open-source, best available climate and wildfire tools that support resilience planning and outreach by California investor-owned utilities (IOUs) and other energy sector participants, building on prior EPIC efforts.	Applied Research; Climate Science; Climate Forecasting; Wildfire Planning; Mapping Tools;	California	Business; Individuals; Nonprofit 501 (c)(3) Organizations; Public Agencies; Tribal Governments	\$4.6M	\$64k-\$2.8M	No	June 2025	https://www.grants.ca.gov/grants/eb-24-30b-applications-of-open-data-to-support-climate-resilience-in-california-electricity-sector/
May 12th, 2025 by 8:59pm PST	Coastal Habitat Restoration and Resilience Grants for Tribes and Underserved Communities	NOAA	Federal	December 13th, 2024	Under the Bipartisan Infrastructure Law (BIL), NOAA will help support community-driven habitat restoration and build the capacity of tribes and underserved communities to more fully participate in restoration activities. \$20 million in funding is available for projects that will advance the coastal habitat restoration and climate resilience priorities of tribes and underserved communities. Of the \$20 million in funding available, 15 percent is specifically available to U.S. federally recognized tribes, Alaska Native Corporations, and organizations that represent tribes through formal legal agreements, through direct awards or subawards. The remaining funding will be available to all eligible applicants, to support opportunities for tribes and underserved communities to meaningfully engage in coastal habitat restoration activities. Projects selected through this opportunity will span several types of activities, including capacity building and restoration. Eligible capacity building related activities include participation in municipal or regional-scale resilience planning, project planning and feasibility studies, community engagement, or developing proposals for future funding. Eligible restoration activities include: design, engineering, construction and design, permitting, and on-the-ground habitat restoration work. May 30th, 2027 by 8:59pm PST	Urban Forest Improvement Grant Program	Sustainable Forest Initiative	Federal	September 30th, 2024	The Sustainable Forest Initiative (SFI) Urban Forest Improvement Grant Program is designed to help organizations benchmark their urban or community forests against the SFI Urban and Community Forest Sustainability Standard. The Sustainable Forestry Initiative (SFI) Urban and Community Forest Sustainability Standard is a comprehensive framework aimed at promoting sustainable forest management within urban areas. The standard helps ensure that environmental, social, and economic factors are balanced to maintain the long-term health and resilience of urban forests. These grants support the assessment of current management practices, offering valuable insights into how sustainability these forests are managed, as well as a roadmap of opportunities for improvement. Applicants must be actively managing urban or community forests within the United States. Grantees are required to: Submit a completed assessment document for the SFI Urban and Community Forest Sustainability Standard Objectives (Objective 1b is optional) within 12 months; Participate in an exit interview to discuss insights gained from the assessment process; And, provide progress updates through quarterly check-ins and biannual reports detailing objectives achieved and challenges encountered.	Urban Forests; Community Forests;	United States	Municipalities; Universities; Non-profit organizations; or Indigenous communities and Tribes	Undisclosed	\$15k to \$29.5k	No	Rolling	https://forests.org/urban-grant/
Ongoing	2023-2024 Natural Conservation Planning 30x30 Grant Program	Department of Fish and Wildlife	State	December 5th, 2023	The Natural Community Conservation Planning Local Assistance Grant (NCCP LAG) Program and the 30x30 Grant Program are intended to assist local public and nonprofit entities with the highest priority tasks needed to implement NCCPs, and for projects associated with the planning and implementation of NCCPs and/or Habitat Conservation Plans (HCPs). This a land acquisition-only rolling solicitation. Projects will be considered on a first come, first serve basis. Land Acquisition funding must be expended by March 31, 2027.	Land Acquisition; Ecosystem Protection; Habitat Conservation Plans; Natural Community Conservation Planning;	California	Nonprofit Organizations; Public Agencies; Tribal Governments	\$28.5 M	Dependent	No	Rolling	https://www.grants.ca.gov/grants/2023-2024-natural-community-conservation-plan/30x30-grant-program/
Ongoing	Rapid Response Fund	Community First Fund	Private Philanthropy	Rolling	CFF's Rapid Response Fund was created to shift philanthropic practices by distributing responsive resources in a timely way that prioritizes the humanity of black and brown people, the frontline organizations they may lead, and the grassroots organizations that may be accountable to them. To realize this vision, the CFF Rapid Response Fund will provide rapid response funding to support organizations or coalitions' needs to position themselves or others to respond to infrastructure crises, movement moments, and time sensitive federal funding notices or rulemaking that require rapid mobilization. The Rapid Response Fund has a national scope with specific priority given to geographies that have historically received disproportionate public investment, including the Midwest and the South. Applications will be reviewed by monthly (1st Friday and 3rd Friday of each month) and awards will be determined by the CFF team.
